

# LIREX EXAM

## Your Complete Professional Assessment Tool Kit

LIREX EXAM is a comprehensive software solution that automates and governs your entire examination and testing process. It covers exam preparation and planning, as well as the whole computer-based self-study tests and examinations, encouraging your employees' attempts for competency excellence. It is perfect for organisations that execute regular exam evaluations and online self-trainings for their employees. It securely facilitates employee engagement and highly motivates them to be more productive.

Automate and manage the whole process of evaluation of your employees' competences - from beginning to end

Keep your employees' motivation higher, let them learn more, enable them to achieve a higher degree of professional skills

Whether you are a business organisation or a university, college or other entity, our solution enables you to effectively test or qualify your team members, ultimately bringing their knowledge to a level up.

Save time and resources, while increasing the degree of your employees' expertise

You power efficiency and perfect your evaluation process by saving time and efforts for both the organisation and your employees.

## ENJOY A SOLUTION

WITH FUNCTIONALITIES SIMPLIFYING YOUR EXAM EXPERIENCE:

any time, everywhere - all you need is an Internet connection.

### Protection against unauthorised attempts:

access data with a two-factor authentication, secure at any step.

### Flexible access rights management:

easily assign rights for access to modules, functionalities and use of data.

### Traceability and transparency:

get a fast look into key data changes.

### Self-study module:

24-hour access to exam materials and remote self-preparation tests.

### Various statistics at your fingertips:

easily find your score results and see insights into individual exam reports.

# MANAGE YOUR CONTENT AT A SNAP

**ONE-TIME EXAM CREATION**  
your work versions can be used and edited at any time

**MULTIPLE QUESTIONS SETTING**  
have your content displayed each time in a different order

**RELATED AND OPEN QUESTIONS**  
upload multimedia materials in the Q&A

Lirex Exam assists the self-study process at your organisation and provides you with audit and control capabilities: users can easily pull detailed reports and statistics on performed examinations, access general and individual protocols, view actions history, and take a quick look into the Q&A.

## OUR EXPERTISE

AT LIREX WE DESIGN, DEVELOP AND IMPLEMENT THIS EXAM SOLUTION SO YOU CAN:

**Improve efficiency**  
and reduce cost of employee knowledge testing

**Empower corporate culture**  
by introducing optimised and modern digital processes, reflecting today's reality

**Achieve transparency**  
in the preparation and validation of exam questions and synopses

**Power-play with static tools**  
for data analysis needed for optimising exams materials and assessment

## STILL NEED MORE?

Lirex Exam lets you have all the opportunities for upgrading, scale up and experience flexible customisation according to your type of organisation. The system is based on a multi-layered modular architecture, allowing flexible configuration, management and access control to resources and functionalities.

LET YOUR EMPLOYEES BECOME:

- More active
- More creative
- More productive

**MAKE YOUR CHOICE FOR AN INTERACTIVE HANDS-ON TOOL FOR A PROFESSIONALLY SKILLED WORKFORCE!**
